Content Activities in the Intervention Workbook support each lesson from the Intervention Teacher's Guide.

Student Experiences Students who are struggling with skills taught in the Open Court Reading core lessons may complete activities during small-group instruction.

Assessment Continuous assessment provides a variety of useful techniques and opportunities to assess students both informally and formally. Informal assessments include Rubrics, corresponding with specific skill masteries following the Lesson Planner pages within the Teacher Edition. Formal assessments are done periodically to offer teachers the opportunity to gauge progress on multiple skills. In the Program Assessment book, a Pretest at the beginning of the year guides and informs instruction, and a Midyear Test and Post-test give teachers an opportunity to monitor students' progress. Unit Assessments monitor students' understanding of phonics, comprehension, and language arts. Diagnostic Assessment provides more focus assessment opportunities to aid in individualizing instruction. Test Preparation and Practice Workbooks help teachers prepare their students for standardized tests, such as Terra Nova, SAT/9, and ITBS.

Organization All workbook activities can be found in the reproducible BLM.

Resource Materials Teacher Read Alouds are sets of trade books used for theme/unit introduction. Diagnostic Assessment provides focused assessment opportunities to aid in individualizing instruction. Home Connections are BLM that teachers can send home to keep parents up

Overall Strength and/or Weaknesses

**Disclaimer:** Comments on the strengths and/or weaknesses of each book, material or program were written by members of the State Textbook/Instructional Materials Review Team and reflect their opinions. They do not reflect the opinions of the State Textbook Commission nor the Kentucky Department of Education. In addition, the State Textbook/Instructional Materials Review Team completed each evaluation form during summer of 2005. In order to maintain the integrity of the review team's comments, editing was limited to spelling and punctuation.

Recommendations: All intervention materials reviewed together in the intervention package. There are 6 or 7 lessons for each of the units in the regular program reading book. The strategies aren't organized so that one strategy at a time is the focus for the program. There are high frequency word cards and sound spelling cards that give a picture clue and the spellings of the different phonemes. This is excellent resource for diverse learners. There are word cards with these phonemes on them. The stories in the intervention guide are blackline masters that need to be copied for students. Could be more of a connection between the regular program materials and lessons for diverse learners.
